# L'EXTASE NINA RICCI

---

Oriol & Fontanel

For EDP, «Caresse de Rose» PUIG asked O & F to sublimate his clutch-bottle by a gem inspired by the iconic Calisto band designed by Guillaume Henry for his first collection of ready-to-wear Nina Ricci.

O & F, with its expertise in the design of perfume bottles in Haute Couture and jewelry spirit has proposed a composition of metals and a goldsmith manual assembling.

Main challenges:

1. Clip : Strong and easy setting-up
2. Uniform color despite the different metals, while respecting a resistance of the gilding to alcohol.
