FIREWORK
VIKTOR & ROLF

FLOWERBOMB, Firework, Premium limited edition Xmas 2015 , 10th birthday

To celebrate the end of a magic and enchanted 10th birthday year, Viktor & Rolf decided to adorn the iconic Flowerbomb bottle with a shiny and elegant fireworks jewel.

The manufacturing of this sophisticated jewel was offered to Oriol & Fontanel with the aim to replicate the exploding and the showiness of the firework celebrating the 10th birthday!

Oriol & Fontanel worked as a silversmith the assembling of zamak, copper, stones and elastic. The result was so spectacular that it was also offered to O&F the manufacturing of a jewel fitted on brooch to give as a present to the representatives of the brand.

Thanks to this unusual realization, O&F shows the extent of its skills and its ability to create and develop items beyond its first activity : textile ornaments.
